FULL STACK DEVELOPMENT

- Developed several applications using ASP.NET, MVC design, and .NET Frameworks.
- Collaborated to create websites that utilize web APIs using NodeJS and ReactJS.
- Coded custom web APIs for use in user-centric applications.
- Designed and programmed several self-directed projects to enhance and improve project management skills.

COMMUNICATION

- Evaluated projects in biweekly review meetings.
- Performed client presentations for web development projects.
- Coordinated team members in a community sponsored project.
- Contributed to soft skill workshops to strengthen communication skills.

WEB DEVELOPMENT

Civiconnect

May 2024 – August 2024

- Worked collaboratively as a member of the development team to design and develop web applications that meet client requirements.
- Contributed to code reviews and ensured continuous improvement of the development process.

EDUCATION

Computer Programming & Analysis (CO-OP), Niagara College

Sept. 2022 – Present

- Enhanced skills in mobile app development, big data analytics, and interactive multimedia through hands-on lab work.

PROJECTS

Portfolio Website (Static)

- Planned and designed in Figma.
- Coded in Visual Studio Code using HTML, CSS, and JavaScript.
- Used mobile first development to enhance user experience.
- Hosted on GitHub Pages at: <https://guyguy5000.github.io/WebPortfolio>

Database Management Web Application (ASP.NET)

- Designed as a Visual Studio ASP.NET web application with a C# backend.
- Created a secure login feature to protect employee and customer data.
- Programmed using Rapid Application Development tools to efficiently manage an SQL relational database.

Community Sponsored Project (MVC)

- Collaborated with a team to develop a web application that meets client expectations.
- Led communications and managed project code using GitHub.
- Developed frontend and backend using MVC design patterns.
- Prepared and performed presentations to professors and client.
